PROFILE

Senior visual and graphic designer with extensive experience in branding, visual identity, editorial design and brand communication. Specialized in developing graphic systems, identity manuals, digital campaigns, corporate materials, social media content and visual assets for web platforms. I combine visual thinking, graphic judgment and an understanding of client needs to develop communication solutions consistent with the identity and goals of each project.

PROFESSIONAL EXPERIENCE

2024 | SERVIMETERS · Colombia
Advertising Designer

Need: The company needed to strengthen the visual presentation of its service portfolio, keep its brand communication consistent, and have graphic materials to support its sales, digital and training channels.

My contribution:
- Updated the service portfolio, the graphic line and the company's visual universe.
- Designed and adapted campaigns, banners, brochures, landing pages and corporate materials for digital and commercial media.
- Developed templates and graphic resources for internal use and training processes.
- Designed advertising pieces for webinars and training programs.
- Managed the website's visual content, including blogs, banners and updates.
- Produced materials for synchronous and asynchronous training, as well as certificates for the training programs.
- Supported the visual communication of commercial services and programs.
- Took part in the onboarding and training of sales executives on ONAC services and scope.
- Applied technical knowledge of certification, inspection, calibration and testing, as well as ISO management systems and technical regulations such as RETIE, RITEL and RETILAP, among others.

Result or value generated: I helped strengthen the visual presentation of the service portfolio, keep graphic consistency across commercial and digital materials, and make resources available for communication, training and sales team support.

2022 | CCR · Florida, United States
Creative Director & Graphic Designer

Need: The company's brands and accounts required visual renewal processes and defined graphic criteria to improve the consistency of their identity and how the brand was applied across different pieces.

My contribution:
- Developed rebranding processes for the company's accounts.
- Analyzed brands from the perspective of branding, visual identity and graphic communication.
- Created and structured brand manuals with guidelines for their application.
- Mentored junior designers and recent-graduate interns in developing graphic pieces.
- Provided guidance on applying visual criteria and identity guidelines.

Result or value generated: I helped build more clearly defined visual identity systems, make brand application more coherent, and strengthen the graphic criteria used by the design team.

2021 | NEUROPUBLICIDAD · Colombia
Graphic Designer

Need: Communication and advertising processes required functional graphic pieces and resources that made recurring content production easier.

My contribution:
- Designed and developed graphic pieces for communication and advertising.
- Created functional templates to organize and speed up graphic production processes.

Result or value generated: I helped make reusable graphic resources available and optimize how pieces were prepared for communication and advertising needs.

2020 | MARKETING108 · Colombia
